NEW ZEALAND Expedition

November 17 - December 2, 2019

A Special Expedition for
Members and Friends of
Pacific Horticulture Society

Pacific Horticulture Society

Dear Members and Friends:

I invite you to join this exceptional expedition to explore New Zealand, November 17 - December 2, 2019.

We are delighted that one of the top naturalists in New Zealand, **Lloyd Esler**, will be our leader on this expedition. Lloyd has explored much of the New Zealand natural world, and is a historical researcher as well. He writes and illustrates popular scientific articles on New Zealand topics, and is an experienced trip leader. Lloyd looks forward to showing you the cultural and natural delights of this fascinating island nation.

From kiwis to kakas, temperate rainforests to glacial valleys, New Zealand possesses a rich heritage. The geologic forces are as dynamic as anywhere on earth, and can be seen in the fascinating geyserfields in Rotorua. We will explore splendid botanic gardens in Auckland, Christchurch, Fisherman's Bay, and Dunedin. Some of the most spectacular scenery in the world is preserved in New Zealand's national parks, many of which we will visit on this expedition.

I hope you will join our New Zealand Expedition. As space is limited, we encourage you to make reservations right away.

Best regards,

Linda McKendry

ITINERARY

Days 1/2 – Los Angeles to New Zealand

Fly from Los Angeles International Airport on Air New Zealand for Christchurch, New Zealand. Cross the International Date Line en route.

Days 3/4 – Christchurch & Akaroa

Arrive in Auckland and take a connecting flight to Christchurch on the South Island, often called the most English city outside of England. Transfer to *Chateau on the Park* (2 nights). Visit the Canterbury Museum and Christchurch Botanic Garden. Welcome dinner. On Day 4 see gardens in Fisherman's Bay and Akaroa and take a boat trip to see Hector's dolphins. D/B

Day 5 – Arthur's Pass & Paparoa National Parks

Today we will journey across the Canterbury Plains through remote river gorges into the heart of the Southern Alps of New Zealand and Arthur's Pass National Park. Here we will take a short bushwalk to look for mountain kea, rifleman, bellbird and silver eye. We will continue to the rugged West Coast and the Pancake Rocks at Punakaiki in Paparoa National Park where we will see plants of interest and impressive geyser-like blowholes. *Punakaiki Rocks Hotel*. B

Day 6 – Greymouth to Westland National Park

This morning, we will follow the coastline south to Franz Josef Glacier to learn about this spectacular river of ice and take a short walk in the glacier valley. There will be time for optional scenic flights—a stunning aerial excursion over the Franz Josef and Fox Glaciers and Mt. Cook (weather permitting). We will also explore south along the Heritage Highway to Fox Glacier where we will look for the inquisitive fantails and may explore the terminus of the glacier. *Te Weheka Inn Fox Glacier* or *Franz Josef Glacier Hotel*. B

Day 7 – Fox Glacier to Wanaka

Today we will begin our journey through the most historic yet most recently opened of the transalpine routes in New Zealand. We will stop for a short bush walk to Thunder Creek Falls. We will continue to Lake Wanaka, a popular summer and winter holiday location, on an enormous glacial lake. We will visit a nearby winery en route. *Edgewater Resort*. B

Day 8 – Wanaka to TeAnau

This morning we will visit a lovely garden, called The Paddock, near Wanaka and Lake Hawea. Originally it was a dry forgotten piece of glacial terrain. Now "The Paddock" has been transformed into a one acre country style garden. It is blessed with a beautiful borrowed landscape of mountains and hills for a backdrop. The garden is a mix of plants and rustic treasures the owners have collected, with plantings to provide interest all year round. In the spring, the garden comes alive with a large variety of bulbs including daffodils, fritillarias, muscari and tulips, mixed with iris, rhododendrons, blossoms and cornus. These are followed with peonies, roses, perennials, lavender and lilies in the summer. We will then depart for Lake Te Anau, gateway to Fiordland National Park. *Village Inn, Te Anau* (2 nights). B,L

Day 9 – Milford Sound

Today we will explore Milford Sound in Fiordland World Heritage Park. The road to Milford Sound is ranked as one of the finest of all alpine drives in New Zealand with towering mountains, primeval beech forest, and the historic Homer Tunnel with its rockhewn surfaces. Stop at Cascade Creek for a nature walk. Your cruise will show you breathtaking scenery,

waterfalls, and the famous Mitre Peak, and will give you the chance to see seals, penguins and dolphins. B,L

Day 10 – Te Anau to Invercargill & Stewart Island

This morning we will meet a Conservation Officer at the Wildlife Centre who will show us the rare and once endangered takahe, a flightless rail. We will then depart for Invercargill, the southernmost city of New Zealand. We will then ferry to Stewart Island or Rakiura (Maori word meaning "heavenly glow"), a very special place for naturalists in New Zealand.

On arrival, we will explore Half Moon Bay, the island's only permanent settlement. Considerable birdlife abounds in close proximity to the village where you can also enjoy short bush walks, featuring some of the world's most beautiful ferns and temperate plants. Optional evening to look for kiwis. Accommodations are at an early traditional-style hotel and New Zealand's "southernmost pub." *South Sea Hotel* (2 nights). B

Day 11 – Ulva Island

Today we will explore Ulva Island, a sanctuary for native land birds with a forest abundant with native ferns, orchids, and a fascinating history. Here we'll look for kakas, wekas, parakeets, and kererus, New Zealand's large native wood pigeon. B,L

Day 12 – Stewart Island to Dunedin

Ferry to Invercargill today and travel north with stops to view spectacular coves en route. Arrive in Dunedin and visit the Otago Museum, one of the finest museums in New Zealand. It includes everything from antiquities to moa eggs. Its galleries also feature the rich maritime history, New Zealand's strong links with Pacific Cultures, and the unique birdlife of the country. *Dunedin City Hotel* (2 nights). B
